

## Update: June 2014

Thanks to the overwhelming number of membership applications Community Shop in Goldthorpe has received since its opening in December 2013, we have placed a hold on further registration events at the present time.

Community Shop has limited membership of its pilot store to 500 people. This is to maximise the impact we can achieve for our members through our Community Hub tailored support programme.

Membership of Community Shop is reviewed every six months, when we hope we will be able to open up opportunities for people to benefit from joining us.

We will post details of registration opportunities in due course.

**Thank you for your continued interest.**
